

My dear Miss Davies!

As the 12th is the
only day available, I sup-
 pose I must not say "No".
 But I find that I have quite
 as much work as ever in
 London as ever! I asked
 Chappell to spread it over
 7 weeks instead of 6, but he
 could not manage it, as it
 seems. We must not make
 too hard a programme, with
 Manchester Hampd. and the
 Saturday Pop. to follow.
 What do you suggest?

What other towns do we
play at? Have you heard
from Edinburgh? I wonder
they take the sword men again!
I shall see ~~Mrs~~ Schu-
mann on the 24th in Frank-
fort; she seems quite well
again. We had the pro-
gramm I send you here with
^{in the Sonata}
Brakmo; is it not nice?

Remember me to Miss
Grist and believe me ever
most faithfully yours
Joseph Joachim
